

# CITY OF GRISWOLD

## General Policy/Procedure

### Pool Fill Policy

---

**ADOPTION DATE:**

**RESOLUTION NUMBER:**

**REVIEW PERIOD:** This policy is to be reviewed every three years or as needed.

#### **STATEMENT OF POLICY**

The City of Griswold and the Griswold Fire Department is able to accommodate property-owner requests for bulk water purchases for the filling of swimming pools with water from non-sanitized, non-disinfected fire hydrants. Such water is not intended or appropriate for human consumption.

#### **APPLICABILITY**

This policy applies to the general public in the 51535 zip code seeking specific services from the City of Griswold and the Griswold Fire Department. The Griswold Fire Department reserves the right to refuse requests for service.

#### **DEFINITIONS**

None.

#### **POLICY AND PROCEDURE**

An application for a pool fill must be completed at Griswold City Hall prior to water delivery.

Water will be delivered by the Griswold Fire Department at the rate of \$4.50 per 1,000 gallons. All payment is to be made immediately upon delivery of the requested water by cash or check payment to the City of Griswold. Failure to pay shall result in the loss of future bulk water purchase privileges.

A \$50.00 donation to the Griswold Fire Department is suggested for initial water delivery and \$30.00 donation for each subsequent delivery. These funds go directly to the Fire Department. Please do not give cash or tips to the firefighters, but rather a check made out to the Griswold Fire Department.
