

RESOLUTION NO. 21-2020
A RESOLUTION ADOPTING THE “EAST NISHNBOTNA WATERSHED
MANAGEMENT AND FLOOD RESILIENCY PLAN”

WHEREAS, the City of Griswold (“City”) is supportive of wise water management, efficient use of water resources, and regional water planning and cooperation between jurisdictions in the realm of water management; and

WHEREAS, the City is committed to water resources sustainability and water conservation; and

WHEREAS, the City was a full participant and funding partner in the development of the “East Nishnabotna Watershed Management and Flood Resiliency Plan” dated June 2019 (“Regional Plan”); and

WHEREAS a copy of the Regional Plan is marked Exhibit “A,” and attached hereto, and incorporated herein by reference; and

NOW THEREFORE BE IT RESOLVED, the Regional Plan is adopted as a guidance document to be consulted and implemented by the City to the extent that such implementation is consistent with, and supportive of, City assets, actions, programs, ordinances, policies, and procedures, and to the extent that implementation actions may be approve by the City on a case-by-case basis.

Moved by Cook to adopt. Seconded by Askeland.

PASSED and APPROVED this 9th day of December, 2019.
